

Extended Storage Request on the MeCS platform

Name :

First Name :

MeCS login ⁽¹⁾:

1. Storage space requested (by chunks of 500 GB) :

2. If the storage space is requested for a team of researchers, please list here the people who should have access to the stored data (please give the MeCS logins).

3. Do the data to be stored originate in a project funded by the Region, or by any other public authority (-if yes, please specify the funding source.) ?

Where were the data produced (personal computer, MeCS calculator, other computing center, ...)⁽²⁾ ?

The users are kindly reminded to please follow the instructions of the MeCS platform users' charter available on the platform website: <http://www.mecs.u-picardie.fr> .

Date and signature :

Name and signature of the laboratory head :

⁽¹⁾ If you do not have an account on the platform yet, please first follow the MeCS account creation procedure by filling in the corresponding form available on the website www.mecs.u-picardie.fr ("ouverture de compte").

⁽²⁾ The data transfer rate from/to MeCS to store/pull data will depend on your connection. It can in any case not exceed 1Gb/s. Local test measurements from the "UFR Sciences" on the Amiens Campus give a data transfer rate of 99 MB/s, that is about 17 minutes for 100 GB.
